

For more than 100 years, Dunham-Bush has focused on innovative product development. Today, we provide a full portfolio of HVAC/R products from Fan Coils Units to large Centrifugal Chillers as well as many other innovative Green Solutions. Our commitment to innovation, matched with an aggressive attitude toward growth, makes Dunham-Bush a leader in global markets.

As part of continuing product and market exposure, Dunham-Bush is proud to announce our participation in the 4th AHR EXPO from 28th - 30th of January 2013, which will be held at Dallas Convention Center, Dallas, Texas USA. Over 1,800 leading manufacturers and innovative new suppliers will all be in Dallas to showcase their latest products and systems, building automation and controls, software and services, and more. Nearly 30,000 contractors, engineers, distributors, facility managers, OEMs and other HVACR professionals are expected to attend from around the world. You can visit their official website at www.ahrexpo.com for more information about AHR Expo.

At the exhibition, Dunham-Bush's technical experts will be there to assist you and provide technical details on our latest products and features. A continuous multimedia presentation on our products will also be presented on our booth. Please take a moment and drop by our booth located at **Booth 619**, or if you'd like to set up a meeting with us during the conference, please email us at info@dunham-bush.com. We will make sure to arrange that for you.
