Soho Beach House

Miami, Florida-- Providing one of the most sought after hotels with outstanding air conditioning.

CHALLENGE

2 years ago The Soho Beach House a high class, trendy, boutique style hotel which brings travelers from all over the world to lounge, dine, and indulge resumed construction after the economy put an abrupt halt on progress. Dunham-Bush Americas was promptly selected to provide the most energy efficient Air Conditioning system meeting all of the quality specifications required.

SOLUTION

DBA furnished and equipped the Soho Beach House with (2) WCFX18 water cooled chillers with vertical screw compressors to supply chilled water for the entire hotel, (7) CS2 central station air handlers to provide cooling for the restaurant lobby and kitchen areas, (3) 100% outside air units to equip the common corridor and walk way areas, and (1) DB Aire precision unit to maintain the environment for the hotels computer system.

RESULTS

Soho Beach House is now favorably a suitable "Cool" hotel with very blissful customers. As a result of the purchased equipment the hotel guests can relax comfortably in their hotel room, or the common areas always feeling refreshed.
